

Gods of Egypt ①

DATE

let it be known the Draftthouse manager says I didn't make you fuckers pay enough for this.

Thank you British-sounding narrator.

All the statues in this are black LOL (made of black material)

The street scene has a full kaleidoscope of humanity
Oh boy a white Dude Hero who has No Use For the Gods
Because we know girls just want pretty dresses,
torus, worthless party boy?

This British fantasy accent is already making me crazy.
Jewelry excites her! (goddess of Love) Horus wants to marry
her I guess? He's staring at her awkwardly a lot.

The boat being carried through the air by flocks of birds is
a cool visual.

What the fuck is this dialog?

(Though I do like Thothis snake)

Why are the gods SO WHITE

Old ~~king~~ king crowning son the new king - Odin did it better.

You are no Odin, Sir.

Gerard Butler WHAT IS YOUR ACCENT

he sounds kind of like Michael Keaton doing Beetlejuice.

This dialog is terrible.

'In a thousand years of peace, what have you accomplished?'

Wow.

Ok Set, now you chop him up and toss his along in the Nile.

That's not how this works.

Vice spray tan, Butler.

Set has decided to make death a Capitalist Enterprise

Unlike that well known Socialist Osiris.

PAGE

Gods of Egypt ②

DATE

The choreography on this fight is not great. Or it's shot terribly. Both. But man the music wants us to care. Now GGI fight time! While all the other gods cower.

The hero we don't care about gets separated from his girlfriend.

Set rips out Horus's eyes and then is going to kill him?

Oh, but he's stopped by a goddess kneeling ok.

LOOK AT HIS GIANT SKY PENIS

This much VO seems SO LAZY

White Hero Don't Need No Gods (TM)

Zaia's ~~the~~ owner (she's now a slave) and has a mean master. But Horus can save us, she insists!

She puts White Dude up to seal Horus's eyes.

The pit at the center of the world (???) is Set's source of power (???)

Set took Horus's lady and made her green because she's his prisoner. You can tell it's bad cause her hair is messy.

What is this shit

The sky penis is for Ra!

"Is that it? Can you make it any taller?"

The architect's uncomfortable laugh is for the audience.

This dialog is so fucking terrible. So stilted.

"Where do you even get that many scorpions?" LOL

'Ok that's cute.

Traps, kind of clever, film style annoying.

Good thing scorpions can't handle the light from Horus's eyes?

Gods of Egypt ③

DATE

The architect rand only finds out and there's awkward threatening.

I guess only bad guys get blinded by Horus's eye. They run to a chariot already prepared.

Oh look. Zaia got fridged.

MAN PAIN with DRAMATIC STRINGS

"Death is not the end"

Actually not even really any manpain. Do any of these characters experience emotion?

Beer number 2 make this movie less boring
Horus has become a wino.

CGI fight, tiny human v big god

Toss what you have in the Nile (with dad's wing)

You can see where the CGI breaks down it's really weird.

Zaia is dead, Horus calls Anubis.

Zaia is barely allowed to talk. ~~the~~ Zaia: "I have only my smile"

Oh we get to follow Zaia

White Dude is slightly upset!

THIS DIALOG IS AWFUL

ok so if Horus becomes King he can ~~at~~ save Zaia or something whatever

Set B making a random speech but at least it's not US
But Hux did it better

Random sarcophagi ok then

They found Zaia's body

THIS DIALOG WTF

"To kill the god of the desert you must kill the desert itself!"

"How do you kill the desert" I'D LIKE TO KNOW THAT TOO

Gods of Egypt ④

DATE

I think they are going for odd couple buddy movie tropes with Anubis and thief dude?

Ra's Ship is gorgeous,

Too bad Ra is a grumpy white dude

... the Earth is flat?

Ra hauling up the Sun on a chain

Ok I'm gonna stop you

Why is Ra fighting Apep

Set fights Apep for Ra

Why this why

Wait that's Apophis and not Apep?

"there are things worse than Set"

"you're wrong"

WTF IS THIS

WHAT WATERS There aren't Waters why is this what is happening how does this dialog even make sense

IT DOESN'T

I Hate this

"Have you wait I don't care this scene is dumb

Ra what is that hair style it's like a gentleman's skullet,

There's a big battle scene and I'm not sure why Set's old wife is in there?

ok?

I love that everyone is wearing penis helmets.

This dialog feels like they just throw lines out and fake turns?

"I should have been enough to fulfill you."

(later note
Apophis and
Apep are
the same)

Gods of Egypt 5

DATE

"I will never be fulfilled"

Hee will never be satisfied

No, this movie does not deserve (them)

Why ~~the~~ does the dead lady turn into
a I'm not even sure

wing mosaic.

Yeah Horus I want to smack thief dude too
Dude attacks thief

"This is becoming unacceptable"

TIME for CGI Battle wood!!

Why this random slow fight shit curse the Matrix
Wow I don't care about any of this,

stuff is happening,

Thief dude prays

This is the highest waterfall ever where the
fuck are they even

I don't think there's this much

gradient along the Nile

HIS NAME IS BECK ARE YOU SERIOUS

ok there's Set randomly killing a minion because
villain,

sodess lady is there to look worried and do nothing
else.

"Mistress of the west" "Don't call me that, I
left that all behind."

WTF IS GOING ON

wait she was mortal and...?

WHY THIS WHY

his lovers are so dirty gross.

(later note:
Beck, actually.
Insert C joke here)

Gods of Egypt ⑥

DATE

Love Goddess runs off to see Horus in a whirl of sand what even is happening she takes off her braided and a bunch of CGI happens I am so confused.

Oh no her hair is messy
Beer #3 has arrived

Good cause thief guy is whining again like I get this is supposed to be odd couple bickering
huh ~~that's~~ it's terrible.

~~Osiris liked f~~

~~Don't~~

LOL Horus says Osiris's heart was never found
LOL forever
Isis didn't kill herself
WTF is this bullshit

OK there are the CGI snakes,
I think this is supposed to be exciting?
There's like giant CGI snakes and snakes but IDK

I don't think she was actually on the snake when he was running off it?
What?

The love goddess shows up and mentally controls the snake? This is so random
"Why would I waste this to someone who can't see?"
OK and now we're off to see Thoth because...?

Gods of Egypt ⑦

DATE

the boy he's carrying here through a swamp,
"you should have come to get me, don't I mean
enough to you."

Ugh

Oh here's the proof he loves Zaia truly, he's
immune. Blah Blah,
Yep Horus is a dick

LETTUCE !!!

What are these accents

O like Thoth

The ego play wins. Cute.

We have gotten to the guining mutual
respect part of the buddy comedy

What is with the filtering on her face shots

She looks like she's wearing clown white

↳ Hathor

You tell mine Thoth,

Hathor what is your accent

Ok Beck talking to Zaia thanks Hathor

The pyramid is a big slidey block puzzle

So much CG

this movie is so long

I havent gotten my check yet

A thing happened for reasons

OMG there's like 45 minutes left

Why this

Gods of Egypt (8)

DATE

Even the Sphinx looks so white
HE IS ~~CE~~ WHY

How is Thoth getting the answer wrong

The Sphinx said

Oh Botner

Are you fucking serious,

Did Set just rip out Thoth's brain

he did

what

The

fuck

it's the last piece?

Set showed up BTW

no one cared

Why is any of this action happening?

Horus carries a giant gear like an umbrella

Ok

This isn't how the Egyptian afterlife works

That's not how any of this works

Beck shows up and

Ok

Oh Ok I see we have gone full satanic
ritual on Set.

"Heart" of Osiris LOL

Ok so Set is making himself a god syborg

with Osiris's Heart

His fucking
Heart Ok

Gods of Egypt (9)

DATE

Set talking to Ra

"Why was I cast out"

Wtf AT

Do u people not read mythology

"I did not want you to miss your children as terribly as I have" I wants Set to take his place.

What even.

But gods don't die

I am so confused

Set will devour the afterlife itself!!!
I am so mad,

I was not really angry until this moment
fuck you, whoever wrote this piece of shit,

and Set melts Grandpa

fuck you more

you are the worst

"The gate has been broken! Chaos spreads!"

what

why this is so dumb

I hate you all

Set's wife helping Horus + Beck from beyond death ok

WORM S/BM MUAD'DIB

Ra isn't dead?

But needs his spear?

Oh?

The mighty penis obelisk! here's some facts

Gods of Egypt (10)

DATE

Why is Horus jumping off the elevator
why is any of this
good things you can climb hieroglyphics
He's rich so he's ready to die
and it's

the most unexciting fight ever

GO?

Why is Horus climbing the outside
none of this makes narrative sense

I am so MAD ABOUT THIS APOPH'S
THING

I AM A PILLAR OF SET

Set has daddy issues

Set wins against rich guy I guess

because he picked the right god or something
they're fighting

it's a thing

Horus choose between your other eye
and the mortal

he picks the mortal

So obvs stuff will happen

So Horus can be cool again

Caus whatever

OH BARF

MEGABARF

MULTIBARF

The 7 are fighting

it's made out of ~~CGI~~ CGI

I don't care

sorry

Gods of Egypt (11)

DATE

So much CG

LOL the human face on CGI body is
fucking hilarious it looks so dumb
... Horus kills Set?
Oh? What?

But Set wards off Apep

I AM SO SALTY ABOUT THIS

LOL CGI body suit

little girl has Horus's other eye

Thief dies no one cares except the viziers
Zenia's lip gloss is perfect in death good for
her

So Ra makes it so Beck comes back to life
and Zenia

oh whatever too bad I don't care

~~Osiris~~ Why this

Horus decides the afterlife is earned with
good deeds

but but but

Horus goes to get Hathor. I guess?

Wow

This was awful

Fuck you

WHY
